“ I am in recovery from several addictions that controlled my life and had made it completely unmanageable. I thought I was worthless. I held a sign by the freeway and spent my days in distress and misery. One year ago, my life changed forever. I am proud of who I am today. Given the right resources, support, drive, and commitment it's amazing what one year can do in a person's life. I want to say thank you with my whole heart for Great Jobs KC. ”
